## KARIBU ZANZIBAR

Sacred Zanzibar is a nature-based retreat for women ready to press pause on everyday life and step into a space of reflection, reconnection & realignment with the ELEMENTS. Set on the magical island of Zanzibar, it offers a return to the timeless wisdom of earth, water, fire and air, as forces in nature and within.

Through experiential practices guided by Julie and Mary-Rita, this retreat becomes both sanctuary and threshold, supporting you to honour where you are and consciously step into what is unfolding next.

## ABOUT ZANZIBAR

Zanzibar is a Tanzanian archipelago off the coast of East Africa. It is located in the Indian Ocean and consists of many small islands and two large ones: Unguja (the main island, referred to informally as Zanzibar) and Pemba Island. The capital is Zanzibar City, located on the island of Unguja. Its historic center, Stone Town, is a World Heritage Site. Zanzibar is also a semi-autonomous region that united with Tanganyika in 1964 and formed the present-day United Republic of Tanzania. The archipelago's main industries are spices, raffia, and tourism. The main spices produced are clove, nutmeg, cinnamon, coconut, and black pepper. The Zanzibar Archipelago, together with Tanzania's Mafia Island, are sometimes referred to locally as the "Spice Islands"
